

## Water Quality Supervisor

The Sunnyside Valley Irrigation District is accepting applications for the position of Water Quality Supervisor. The Water Quality Supervisor is an SVID operations team member who is responsible for monitoring the quality of water delivered to the Roza Irrigation District and the Sunnyside Valley Irrigation District landowners and monitoring their irrigation return flow to the Yakima River. The supervisor administers two Department of Ecology permits: storm water and aquatic herbicides. The supervisor manages the laboratory staff, budget, field sampling program with data analysis and its archival storage.

Education: BS in Science preferred with three years of demonstrated leadership ability.

Skills required: Strong leadership skills, field sampling experience, laboratory experience, and a good driving record.

Benefit package includes medical, dental, vision, retirement, paid vacation, holidays, and sick leave. Interested parties should submit an application, resume, and letter of interest to the Sunnyside Valley Irrigation District, 120 South 11<sup>th</sup> Street, P.O. Box 239, Sunnyside WA 98944, attention Elaine Brouillard, [brouillarde@svid.org](mailto:brouillarde@svid.org). Open until filled.
