Human Resources/Safety Program Manager

The Yakima-Tieton Irrigation District is accepting applications for a Human Resources/Safety Program Manager.

The District has been delivering water since 1910 to 28,000 acres. As we move into the future with many new projects and changes our staffing needs have grown as well. This is a new position that will be under the general supervision of the District Manager and Assistant District Manager.

The incumbent for this position will be responsible for consistently supporting and maintaining the District's Human Resource policies, procedures and Safety Programs.

This includes but not limited to recruiting, customer service, employee relations, compensation, benefits, trainings, licenses, and compliance reporting. Successful applicant must possess required education and experience. Relevant work experience may be substituted for education requirements. If you are looking for a full-time rewarding position that encourages long term stability and professional advancement with a full benefit package and competitive salary depending on qualifications this may be the position for you.
