

March 3, Tacoma, WA. [Managing Stormwater in Washington.](#) This one day specialty conference will address current issues in construction and industrial stormwater management. Year two of this event takes place in the midst of dramatic regulatory changes on the federal and state levels, and the emergence of new technologies and strategies for permit compliance. The implications of these policies will be addressed, along with innovations and best practice solutions for stormwater management. For information and registration, go to www.nebc.org. For Sponsor & Exhibitor opportunities contact sue@nebc.org.
